

## SUCCESS STORY

### **Title: Payal's determination taking her to new height**

#### **Background:**

Ms. Payal was born in a farmer's family, whose father Kisanrao Raut was educated up to 7<sup>th</sup> standard and her mother up to SSC. She was a CP by born but, her parents never have regret about this disability however, other family members were showing reluctance about this. Even though the resist of her grandfather and grandmother she was admitted in the school of her village. People were retorting her being disabled, she doesn't need take education. She neglected this act of people and was progressing very well day by day in education therefore; the resist to her education began to sink in later stages.

#### **Intervention:**

The CBR project was stated in the village when she was in sixth standard. Being CP, she was unable to enter in the class room since, the school had no ramp. The Coordinator of the project personally met the class teacher and requested him to change the class room. The Child Support Group was formed in the school under the CBR project that supported her in carrying out some activities in school and thus she had passed 7<sup>th</sup> standard. She was also provided with a wheel chair under the Sarva Shiksha Abhiyan. She was then admitted in eighth standard in Ghatanji town. Initially, the experience in learning with healthy students especially in Ghatanji was very bad she exclaimed! However, due to intervention of the coordinator of the project the things became normal.

#### **Special Achievements by the person:**

She took her education up SSC, without any coaching and tuition and got more than 89 % of marks with her own efforts. She came first from her class and third from the school last year and now she is learning in 12<sup>th</sup> class. She has chosen the science faculty for her further education. She was admired by all at all levels. She has fondness about music too. She is the member of DPO.
